STACKED CAGES - Shipping on an assembled unit is expensive! BUT CAN BE SHIPPED UNASSEMBLED!!!!

These cages are completely assembled. Made with 14 gauge galvanized-after wire. The sides and tops are 1x2-inch, the floors are 1/2 x 1-inch, the fronts are 1x1-inch baby saver wire which makes these cages the strongest available. By adding urine guards to the back and sides the cages are kit safe. Dura-Trays® are standard and included in the price. The door edges are covered with vinyl door guard and the doors swing outward. Solid metal dividers are used between the divided units.

CALL FOR CUSTOM BUILT PRICING. Since we make these stacked units, you can mix & match levels. You can have different size compartments on each tier.
